

Since 1993, SOYEE SINGAPORE has been producing a wide range of cleanroom products and services tailored to the disk drive, electronic, semiconductor, pharmaceutical, healthcare and consumer market.

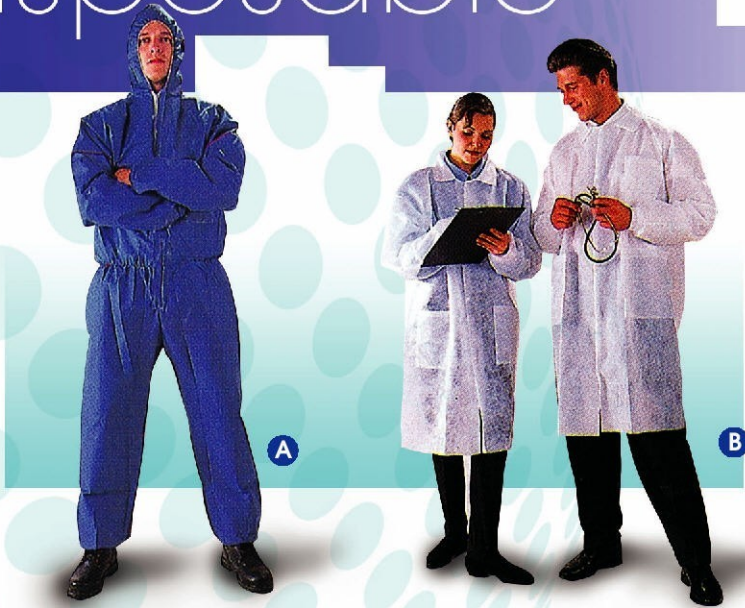

SOYEE has an established distribution network with sales offices strategically located in Malaysia, Thailand, China, Indonesia and Australia and represents leading major brands such as ALMA, Coventry, Kimberly-Clark, Chemtronics, Achilles, Charleswater and Sakurai.

SOYEE's key strategy has been to meet its' customers' diverse needs for Static Control, Packaging Protection, Dust Control, Precision Parts, Conversion Services, Roll Goods and Equipment, by maintaining strict quality controls, competitive prices and unsurpassed customer service.

Hello World!

Disposable

A. Coverall with Hood

Material : SMS, Tyvek and Spunbond
 Sizes : Small, Medium, Large, X-Large

B. Lab Coat

Material : SMS, Tyvek and Spunbond
 Sizes : Small, Medium, Large, X-Large

C. Head Cover

Material : Rayon, Spunbond
 Sizes : 20" 21" 24"
 Colors : White, Blue, Pink, Yellow, Green

D. Surgeon's Cap

Material : Spunbond
 Colors : Blue, Green

E. Isolation Gown

Material : Spunbond, Spunlace
 Colors : White, Yellow, Blue

F. Shoe Cover

Material : CPE Blue and White, Spunbond Normal and Non-Skid, SMS, Tyvek

G. Surgical Gown

Material : Spunbond, Spunlace
 Colors : White, Yellow, Blue

H. Surgical Face Mask

Available : 4-tie and elastic ear loop

I. Beard Mask

Material : Spunbond
 Sizes : 48 x 23 cm, 30 x 23 cm

J. Arm Sleeve Protector

Material : Tyvek, SMS

K. Paper Face Mask

Available : 1-ply and 2-ply
Packed : 100 per box

L. Dust Mask

Colors : White, Blue, Pink

M. Snood Cap

Material : Spunbond
Available : White-one size

N. Peaked Cap

Material : Spunbond
Available : White-one size

O. Peaked Airy Cap

Material : Spunbond
Available : White-one size

P. Hair Nets

Colors : White, Black

Q. Mob Cap

Material : Spunbond
Colors : White, Pink, Blue, Yellow
Available : 21"

R. MacDonald Paper Cap

Packed : 50 per bundle

S. Activated Carbon Face Mask

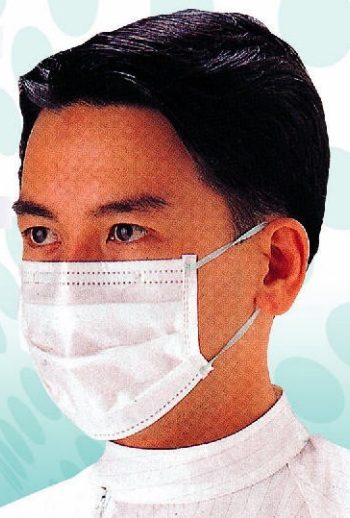

Packed : 1 per bag,
50 per box

T. Activated Carbon Dust Mask

Packed : 50 per box

U. Cleanroom Face Mask

Available : 4-tie and
PU ear loop

Foot Wear

BSS-series of static Dissipative Clean Shoes are made of PVC (Poly Vinyl Chloride) outsole by injection. ESD control by entire personal grounding (volume resistivity : $10^6 - 10^8$ ohms).

BSB-330

BSB-series of static Dissipative Clean Boots are for Cleanroom use. Depending on their gaiter's fabric, the boots are full protection of particles generation as well as static control. Gaiters' fabric can be decided same as fabric for coveralls.

BSS-310

BSS-311

BSS-318

BSS-313

BSS-314

BSS-315

BCS-series of Conductive Clean Shoes are specially developed for ESD control in more seriously static control required area. Volume resistance of the shoe's outsole is $10^4 - 10^6$ ohms. And its Static Decay time from 5,000 volts to 0 volt is less than 0.01 second.

C	12" X 12"	196/BOX • 15 Boxes/Case	2,940
D	15" X 17"	140/BOX • 15 Boxes/Case	2,100
KIMWIPES® EX-L Lens Cleaning Station (Featuring KIMWIPES® EX-L Delicate Task Wipers)			
Code	Wiper Size	Packaging	Wipers Per Case
E	4 1/2" X 8 1/2" 8 Oz. Cleaner	560 Wipers/Station 6 Stations/Case	3,360
F	4 1/2" X 8 1/2" 16 Oz. Cleaner	1,120 Wipers/Station 4 Stations/Case	4,480

SMT Stencil Rolls

Stencil Rolls are used to remove residual solder paste from the bottom side of PC Board stencils. It is made from high strength polyester cellulose that is solvent resistant and highly absorbent. Available for MPM, DEK, FUJI, Panasonic and TDK machines.

BEMCOT

The standard wipers of BEMCOT series can be used flexibly in maintenance of devices, the cleaning of screens and for wiping inside and around a cleanroom.

PuriWipe ALL Purpose Towels
32 x 34 cm, 100 pieces per box

K-300 nonwoven spunlace
4555 series Polyester Cellulose
6201 series Polyester Knitted (Sealed Edge Laundered)
6205 series Polyester Knitted (Sealed Edge)
9000 series MicroFiber

Sticky Roller

Short sticky rollers are used for PC boards and long sticky roller can be used for ceiling and walls.

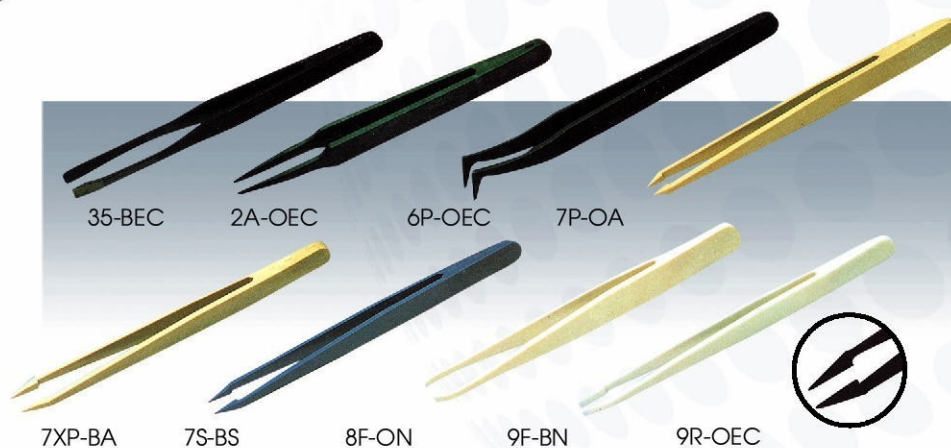

Handling Devices

Anti-magnetic Stainless Steel Tweezers

CHEMCO Plastic Tweezers

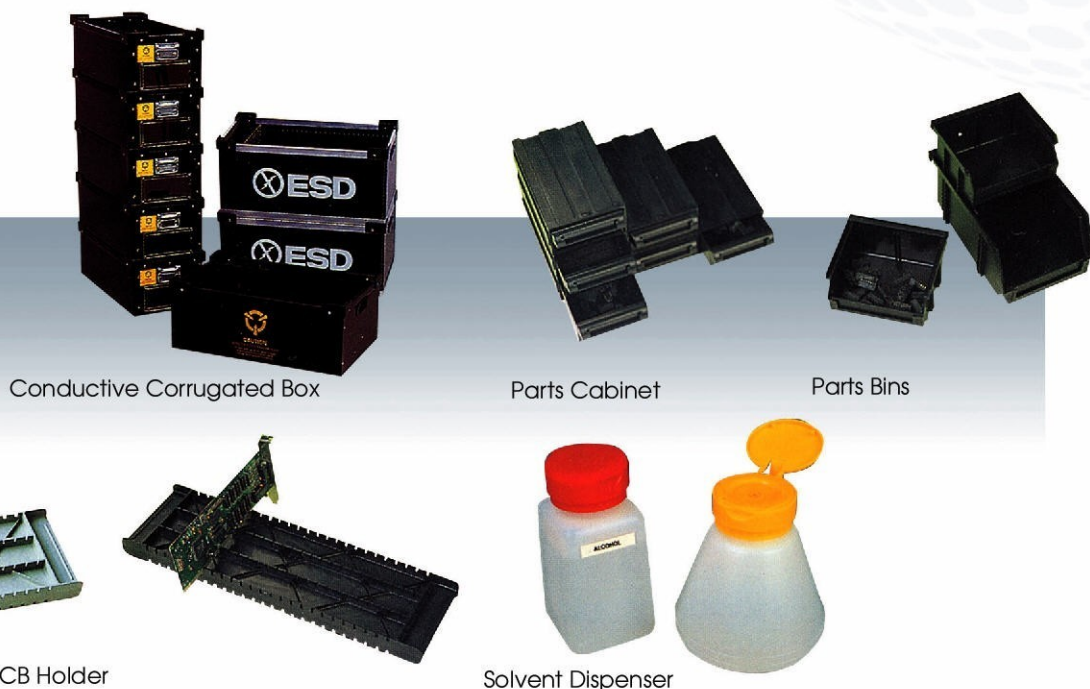

Chemco has played a leading role in the manufacturing of equipments made from anti-corrosive and chemical resistant plastics. The years of experience and know-how in the areas of plastics, enable Chemco to develop a complete range of high quality plastic tweezers. Only the best quality material are used and all tweezers are tested in accordance to material specification and quality standards.

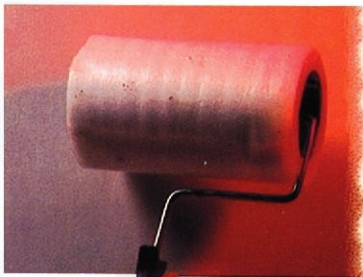

Chemo precision plastic tweezers are specially developed for use in the test laboratory, hospital, microelectronic, electronic, computer, watch and

jewellery food industry, chemical and plating industry, clean rooms engineering etc.

Air Shower

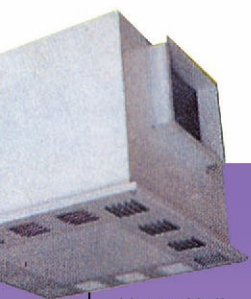

Model: CHEM-HEPA 2448

Chemco HEPA filter modules are used for particular free environment. The aerodynamic and low profile housing with special extruded aluminum frame ensures leak proof operation. It is design for continues operation with very little maintenance and only periodic washing of the prefilter is required.

Product Range and Performance

Operating noise level at 58 Dba. Achieving cleanliness levels from Class 10 to Class 100000 air (Conditions according to Federal Standard 209E0. The module included a Variable Speed Controller to adjust the airflow and specific velocities either from room side or the filter-housing top.

Conductive or static dissipative PVC tile

- Factory approved PVC tiles in several colors
- Comply with industry electrical resistance test methods described in ESD 7.1 and NFPA99.

Raised Floor

Benefits:

- Applicable for cleanroom (class 1000 over), office or equipment room
- Interchangeable with other A1-panels
- Superb ultimate load performance
- Excellent grounding performance
- Epoxy powder finish for life time extension
- Available with a variety of factory-approved surface coverings such as PVC tile, HPL (high pressure laminate) or carpet.

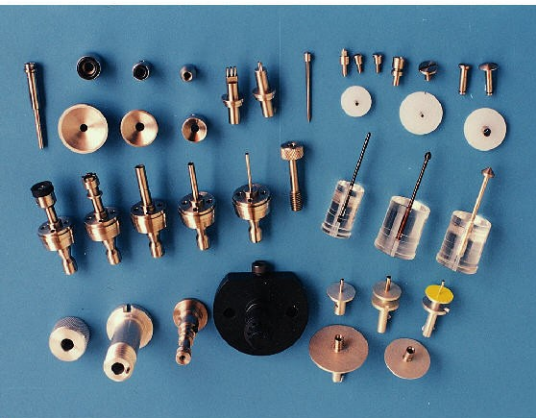

Special PU Liquid Injection Moulding

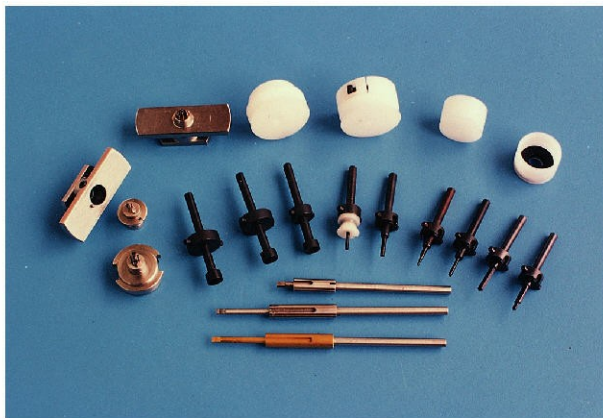

Nozzle

High quality parts for SMT and PTH auto insertion machine

Our company offers a full spectrum of remanufactured parts for Fuji, Panasert, Yamaha, TDK, Sanyo, KME and Citizen. Engineering design services for custom nozzles and parts are also available

A FUJI NOZZLE
FCP2, FCP3, FCP4, FCP6, FIP, FIP2, GLII & V

B PANASERT NOZZLE
MV, MVII, MVIIC, MVIIIF, MPA, MPAV, MK, MQ, HD, HDP

E YAMAHA NOZZLE
YV86D/YV100D, YVL88/YV100, YM51VMII, YM51VM, YM84, YV86, YV112.

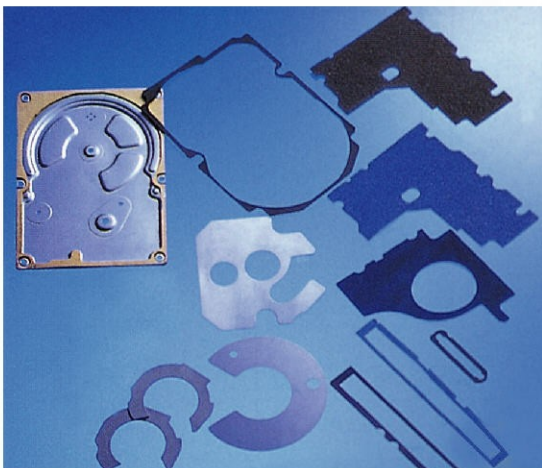

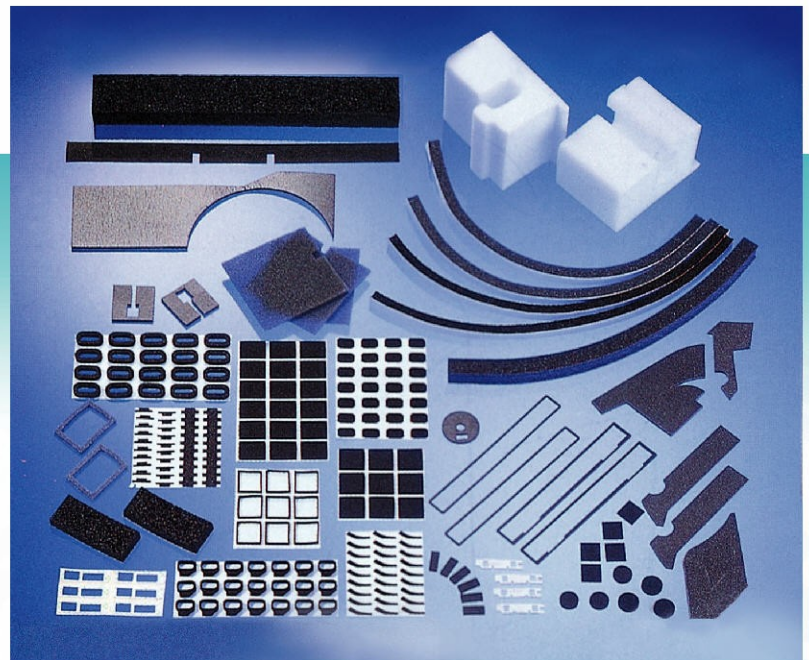

F OTHERS RANGE - NOZZLE
JUKY, SONY, DYNAPERT, CKD, TDK, SAMSUNG, UNIVERSAL, TESCON.

Die Cut and Conversion Services

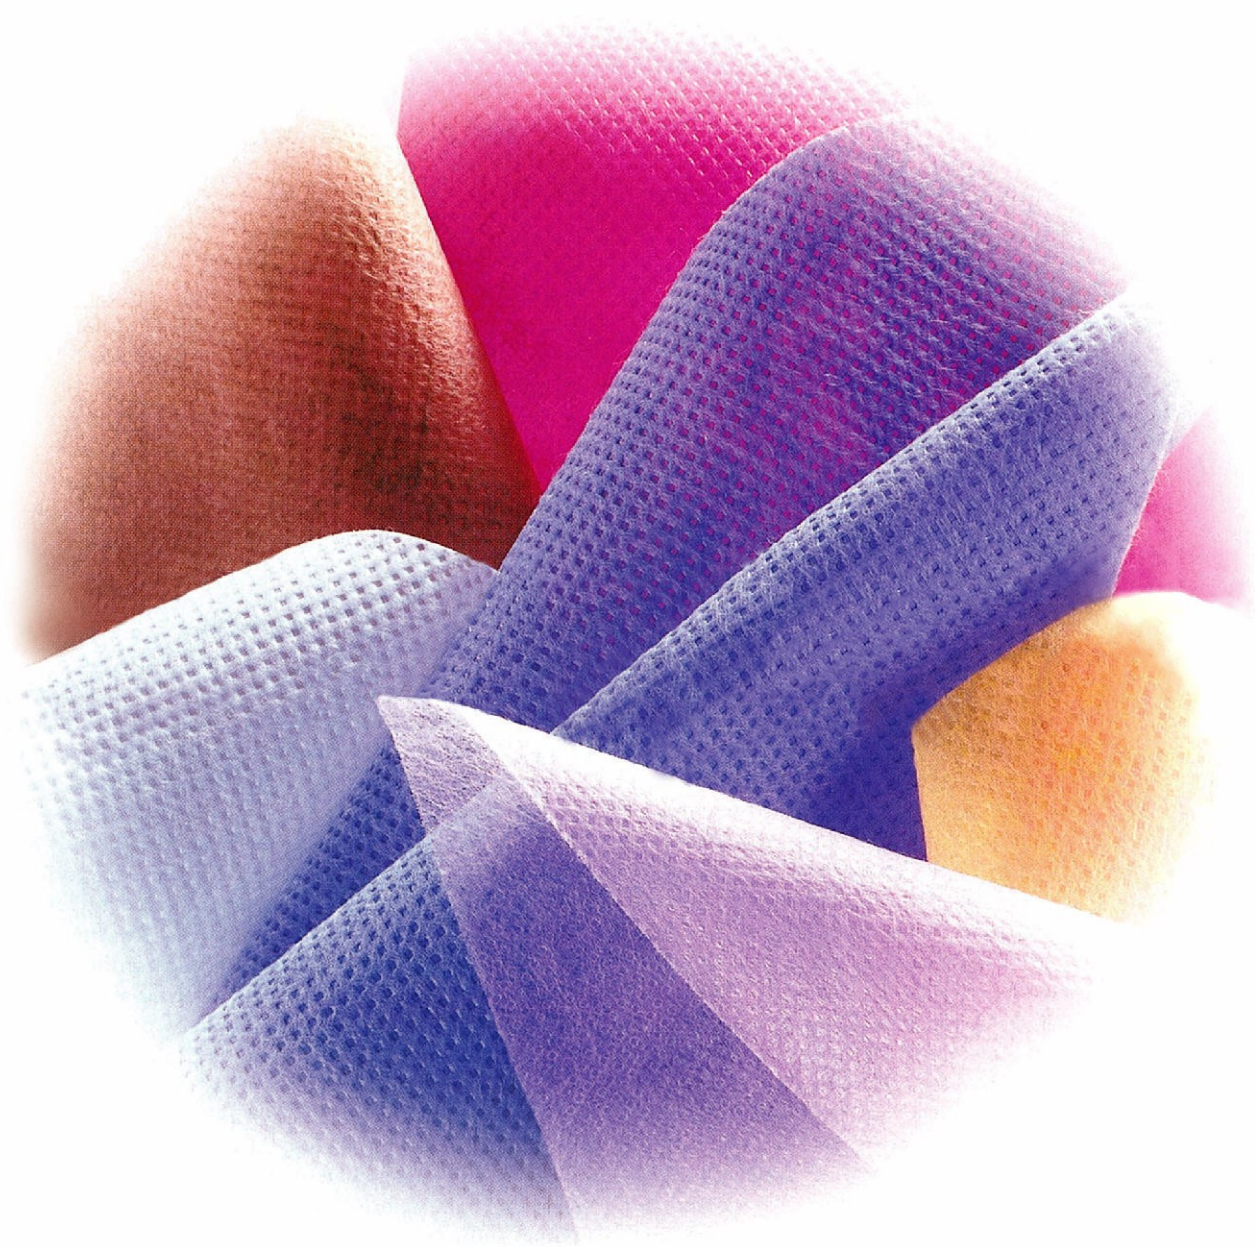

Speaker edge foams, speaker gasket, sealing material & sound absorbers foam, footing material.

Die-cutting materials
(Sealing, Cushioning, protection,
gasket & others)

HDD gasket & absorbent foam &
CD ROM gasket foam.

Nonwoven Roll Goods

Nonwoven Needle Punch

Available from 2.0 oz to 24 oz per sq yard
Any width up to 146 inches

Nonwoven Spunbond

Available from 12 gsm to 300 gsm.
Maximum width 3.2 metres and minimum slitting is 2 cm.
A complete range of colors and custom printing can be made.
Special finishing treatments to the spunbond fabrics, such as hydrophilic and hydrophobic properties, anti-static, PE laminated, anti-bacteria and flame retardant.

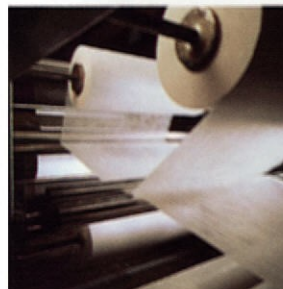

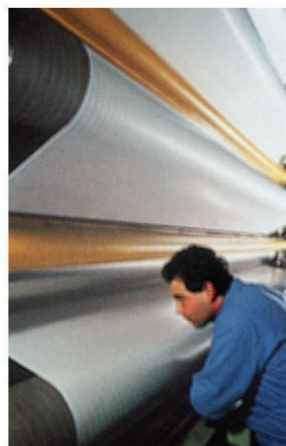

Nonwoven Spunlace

Available from 30 GSM to 120 GSM
Any width up to 2.8 metres

Nonwoven Airlaid

Available from 55 GSM to 98 GSM
Any width up to 68"
